

Jacobi, Toombs & Lanz

Construction Inspector

Reports To: Construction Inspection Team Leader

Education Req.: High School Education/GED

Licensure Req.: Not required

Experience: Equivalent of 2+ years of experience through construction and/or inspection services. INDOT certification preferred but not required.

Description: Position is responsible for providing general inspection duties (material sampling and testing, quantity tracking, quality assurance/quality control, documentation, etc.) on Transportation/Utility, Storm Sewer, Drainage, Water, Sanitary Sewer and other public construction projects as the site representative.

Responsibilities:

- Inspect construction work on transportation and utility infrastructure projects to document conformity to construction standards and specifications.
- Complete and maintain records of field observations, including daily reports outlining the work performed, as well as field measurements and computations for the quantity of completed work eligible for payment, review of pay estimates and final construction documents.
- Perform material sampling and testing on applicable materials such as soil sampling, compaction tests, concrete tests, etc.
- Assisting other project management staff with identifying problems and developing viable solutions for consideration.

Skills:

- Basic knowledge or ability to gain working knowledge of quality requirements for construction materials
- Ability to read and interpret construction plans, specifications, and standards
- Good interpersonal and communications skills
- Proficiency with Microsoft Office (Word, Excel, Outlook)
- Previous DOT or local agency construction inspection experience is preferred
- Valid Driver's License
